SHENANDOAH VALLEY REGIONAL AIRPORT

Shenandoah Valley Regional Airport purchased a large tug and generator from the Wytheville surplus property warehouse. The tug was refurbished and has been actively in use since Fall of 2012. The original acquisition cost for the tug was approximately \$47,174 and the service charge was \$3,000 saving the airport \$44,174. The original acquisition cost for the generator was \$14,891 and the service charge was \$1,100. Their cost savings for the generator was \$13,791.
